Dimensions (mm)
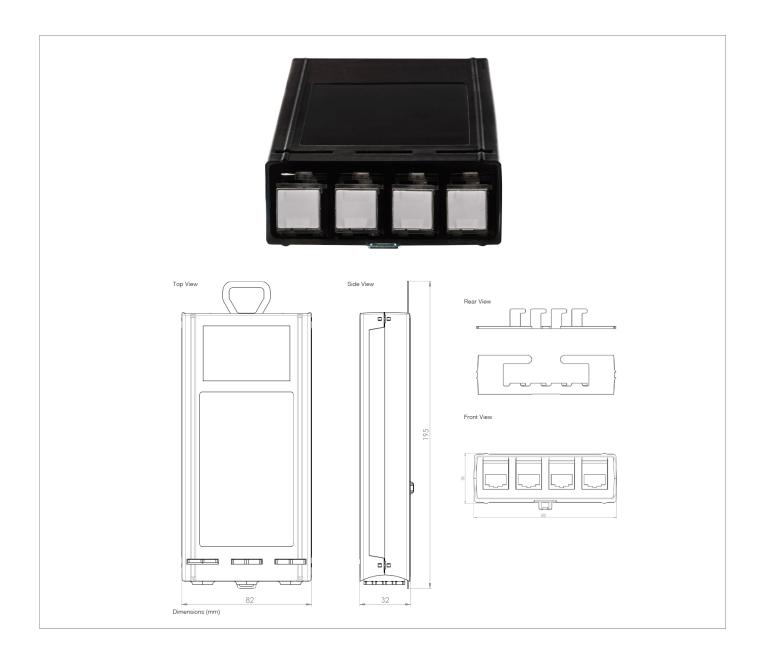

ALTIMEX Cat6A cassettes are designed for data centre and enterprise network applications, easy to handle and fast to install.

With tool-less installation and one click latching technology ALTIMEX Cat6A cassettes can be inserted and removed from both the front and the rear.

They can be housed in either 1U or 2U chassis, or 0U housings.

Incorporating Cat6A snap-in modules, perfect for use in 10 Gigabit Ethernet (10GBASE-T) and future high-speed applications to 500MHz, the ALT Cat6A cassette offers copper ports for switch and infrastructure monitoring purposes within the same chassis.
